1. Making sure you are dressed for the day. You may like to wear your school uniform or sports uniform so that your mind and body feel ready for learning.

2. Pack a healthy lunch box each day - fruit, 1st snack and lunch and don't forget a water bottle!

3. Remember to take regular brain breaks, mindful moments and complete some exercise (outside if weather is nice) every day!

4. Dedicate a space in your home that is for school work.

5. Do your best and if your having trouble or have questions contact your classroom teacher via Dojo.

"We are in this together and we will get through this, together."
